

# SHIPPING INFORMATION

## NORMAL UPS DELIVERY DAYS FROM THE DENVER AREA

## UPS INFORMATION

MW's most common method of shipping is United Parcel Service (UPS). UPS will be used unless otherwise specified. UPS is available in all 50 states, Puerto Rico, and worldwide. The chart above can be used to determine approximately how long it will take UPS ground service to deliver a package. It should be noted that these times are not guaranteed and do not include the day of shipment, weekends, or holidays.

**UPS Red Next Day Air** meets urgent needs with guaranteed delivery the next day to every address coast-to-coast. Guaranteed electronic tracking is included.

**UPS Blue 2nd Day Air** is an economical choice for priority shipments to all addresses in the 50 states and Puerto Rico. Guaranteed on-time delivery and electronic tracking.

**UPS Orange 3 Day Select** guarantees delivery within three business days throughout the 48 contiguous states. Electronic package tracking included.

**UPS Brown Ground Service** is a dependable method of shipment, reaching every address throughout the 48 contiguous states.

**\*UPS Ground will be used unless otherwise specified.\***  
**Maximum Weight:** 150 lbs.

**Maximum size:** Per package, 165 inches in length and girth combined, with a maximum length of 108 inches.

**Additional Charges:** An additional handling fee is applied to the shipping charges when any of the following conditions is met:

- 1) The package is not packed in a corrugated cardboard box.
- 2) Length plus girth [(2 x width) + (2 x height)] combined exceeds 130 inches.
- 3) The package weighs more than 70 lbs.

**To determine the dimensional weight for UPS ground shipments:** Compare each package's actual weight to its dimensional weight. The larger of the two weights is the billable weight and should be used to calculate the rate.

**Maximum Length:** tubing lengths approximately 8 feet long can go UPS but will be considered oversize and subject to oversize charges.

**Domestic**  
 Packages Equal To or Less Than 1,728 Cubic Inches

$$\left[ \begin{array}{c} \text{Dimensional Weight} \\ \text{in Pounds} \end{array} \right] = \frac{L \times W \times H}{166}$$

L = Length in inches  
 W = Width in inches  
 H = Height in inches

**U.S. Export and Import**

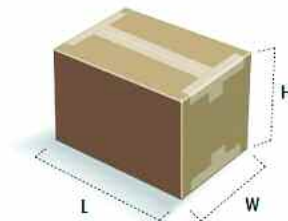

$$\left[ \begin{array}{c} \text{Dimensional Weight} \\ \text{in Pounds} \end{array} \right] = \frac{L \times W \times H}{139}$$

L = Length in inches  
 W = Width in inches  
 H = Height in inches

**Packages Greater Than 1,728 Cubic Inches**

$$\left[ \begin{array}{c} \text{Dimensional Weight} \\ \text{in Pounds} \end{array} \right] = \frac{L \times W \times H}{139}$$

L = Length in inches  
 W = Width in inches  
 H = Height in inches

## TRUCK FREIGHT

MW deals with several freight carriers. Complete rear ends, full length tubing, and items weighing over 150 lbs. must be prepaid and shipped by truck. Time in transit will vary.
