

# GM 12 BOLT COMPONENTS

39006	MW 12 Bolt Pinion Yoke (3.875 long)	.....	179.50	58904	12 Bolt Chevrolet Pinion Seal	.....	14.50
39038	MW 12 Bolt Pinion Yoke (2.875 long)	.....	179.50	58907	12 Bolt Chevrolet Crush Sleeve (truck)	.....	13.30
58903	Chrome Cover, 12 Bolt	.....	26.03	58920	12 Bolt Complete Shim Kit	.....	83.65
53161	12 Bolt Spool Bearings (3.062 OD)	.....	61.50	<i>Assortment of pinion depth, carrier shims.</i>			
53161A	12 Bolt Bearings for Alum. Spool (3.250 OD)	.....	84.44	58925	12 Bolt Carrier Shim Kit (3.250" bore)	.....	114.00
53162	12 Bolt Chevrolet Pinion Bearing Set	.....	65.00	<i>Special inner shim with assortment of standard carrier shims. Must be used with 53158 spool and 53161A bearing kit.</i>			
58901	12 Bolt Rear Cover Gasket	.....	5.20				

## 12 BOLT BILLET CAP & COVER

One of the most common causes of rear end failure can be traced to the stock rear end caps. To cure this problem, MW offers a billet steel replacement cap that has an increased cross section and heat treated hardware. **Simple milling required to install.** Or we also offer the TA Cover support.

58100	12 Bolt Chevrolet Steel Main Cap (ea)	.....	70.00
888	Labor (cap installed by MW Ent.) (ea)	.....	75.00
TA1810	TA Cast Cover for 12 bolt GM car rears	.....	220.97

## M/W 12 BOLT IMPROVEMENTS

The M/W designed pinion put has improved the OEM crimping design that destroys the pinion threads. Made from alloy steel and 100% machined with hardened washer, our design fixes the problem associated with OEM parts.

58918	Nut, 12 Bolt Pinion with Washer	.....	38.75.
-------	---------------------------------	-------	--------

Until now, 12 bolt rears have been forced to rely on a standard crush sleeve. The MW solid preload spacer is CNC machined from 4140 steel and heat treated. Spacers are long and must be trimmed to the required length

58905	12 Bolt Solid Pre Load Spacer	.....	47.00
<i>Requires machining to set the preload.</i>			

## 12 BOLT AXLE & SPOOL PACKAGE

The MW 12 Bolt Axle/Spool Package includes a pair of custom built standard Hi-Torque axles (any length/spline combination), complete C-Clip eliminator kit w/bearings, standard steel spool and a complete 5/8 drive stud kit.

HI-K14	12 Bolt Axle/Spool/C-Clip Eliminator Package	..	1080.00
